Raise your screen electrical out of the flightcase without personal lifting!

Dividable Quick-Release floor stand with fast lifting electric lift for lifting up large screens up to 120 Kg.

This dividable floorstand is a compact system that can easily be transported together with the flat panel in the flightcase.

The easy to assemble parts result in a rigid and presentable floor stand that lifts the flat panel quickly for you out of the flightcase and brings it up to presentation position. Ideal for large and heavy screens!

- ***Neat and rigid presentation display***
- ***No personal lifting of the screen***
- ***Suitable for any brand and type of screen***
- ***No tools needed for assembly***
- ***Electric height adjustment***
